TO: Regional Directors

All States

Attached is the August 2012 version of the *Eligibility Manual for School Meals*. This version replaces the October 2011 version and incorporates clarifications requested by State agencies and FNS regional offices as well as applicable guidance issued since the last revision. In addition, we have re-arranged a few areas in several sections and reformatted some areas. Major changes are highlighted throughout the manual. Any additions added for clarification or areas where there have been any adjustments have been highlighted. The highlighted version will remain available online for three months on our website. After that, only an un-highlighted version will be available.

We would like to point out two areas that are now emphasized in this manual. These are complying with requirements related to families with limited English proficiency (LEP) and to preventing overt identification. This manual incorporates the policies and procedures found in guidance issued this year on these areas (see below). The manual serves as a reminder that local educational agencies (LEAs) have a responsibility to assist LEP families as needed and to assure that children eligible for free or reduced price meals are not overtly identified.

We would also like to remind State agencies and LEAs that as of the previous update in October 2011, temporary approvals are no longer applicable because of year long duration of eligibility. The authority for temporary approvals was removed by the final rule, *Applying for Free and Reduced Price Meals in the National School Lunch Program and School Breakfast Program and for Benefits in the Special Milk Program, and Technical Amendments* which was published on October 28, 2011. Please see Part 3, G. "Duration of Eligibility" for more information on the prohibition against temporary approvals.

Please note that additional definitions were added to Part 1, B, "Terms Used in this Manual." For example, definitions of "Homeless," "Migrant" and "Runaway" were added. These definitions are the same as the ones already found in Part 5, "Categorical Eligibility," but they are highlighted for easier reference. In Part 5, "Categorical
