MEMO CODE: SP 38-2012

3101 Park Center Drive Alexandria, VA 22302-1500 SUBJECT: Residential Child Care Institutions exception for safety if serving

Multiple Age/Grade Groups

TO: Regional Directors

Special Nutrition Programs

All Regions

State Directors

Child Nutrition Programs

All States

This memorandum allows Residential Child Care Institutions (RCCIs) meeting certain requirements to serve one meal pattern even when the age/grades being served span more than one age/grade group. The age/grade groups are set forth in the National School Lunch Program (NSLP) and School Breakfast Program (SBP) meal patterns.

Specifically, this memorandum only applies to RCCIs that are: 1) juvenile detention or correctional facilities, 2) consist of more than one age/grade group and 3) have legitimate safety concerns or State juvenile justice laws or regulations related to offering meals with varying amounts of food within the same meal period.

For these facilities only, the State *may* permit the RCCI to serve NSLP/SBP meals with the same amount of food at the meal service. In such cases, RCCIs shall serve meals meeting the NSLP meal pattern in effect for the highest age/grade group represented, to ensure nutritional adequacy. The RCCIs that meet the requirements must obtain approval from their State agency prior to implementing the option. State agencies must consider RCCI requests to implement this option on a case-by-case basis and must ensure that all three criteria are met.

This exception to the age/grade groups applies only to the situations described in this memo. Ensuring the health and safety of the children served by the program is critically important, and FNS will continue to monitor this issue during the implementation of the new meal patterns.

RCCIs and other program operators should direct any questions concerning this guidance to their State agency. State agencies with questions should contact the appropriate FNS Regional Office.
